

**§ 15-507. Parking on Any Borough Streets (Including Snow Emergency Routes) After Declaration of Official Snow Removal Alert. [Ord. 745, 11/19/1996; as amended by Ord. 918, 7/15/2014]**

1. Whether or not a snow emergency has been declared by the Mayor, during any snowstorm (which, for purposes of this section of this Part, is defined as any weather condition in which snow, sleet, or freezing rain accumulates to a depth of three inches or greater, or is predicted to accumulate to a depth of three inches or greater), the Mayor (or in his or her absence then the persons identified in § 15-503 of this Part, in the order in which they are identified) may, in his or her discretion, issue an official snow removal alert; and after the issuance of the official snow removal alert, parking shall be regulated on all Borough streets as follows:
  - A. All vehicles parked on all Borough streets shall be moved to the side of the street with odd-numbered addresses the weekday following the issuance of the official snow removal alert, and no parking may be permitted on the even side of all Borough streets from 8:00 a.m. until 3:00 p.m. or until such time as plowing, salting and/or cindering has been completed.
  - B. All vehicles parked on all Borough streets shall be moved to the side of the street with even-numbered addresses the second weekday following the issuance of the official snow removal alert, and no parking may be permitted on the odd side of all Borough streets from 8:00 a.m. until 3:00 p.m. or until such time as plowing, salting and/or cindering has been completed.
  - C. The Borough of Huntingdon Department of Maintenance Department shall plow the street immediately following a plowable snowstorm in which a snow removal alert is issued. A snow removal is an alert if it is announced by the Mayor or if the Borough of Huntingdon Maintenance Department plows the snow from the streets. The Department shall follow the above schedule the following two days after the snowstorm to plow the remaining snow to the edge of the street.
2. The Mayor shall issue an official snow removal alert in accordance with the provisions of § 15-503, Subsection 2, of this Part. In order to assist the Mayor in notifying the public of an official snow removal alert, the Borough of Huntingdon Police Department may be directed to assist in informing and instructing the public as to its responsibilities in removing vehicles in accordance with the provisions of this section through the use of its loudspeaker equipment.
3. The registered owner of any vehicle who violates the provisions of this section shall be subject to the penalties prescribed in § 15-508 of this Part.
4. Any vehicle which has been parked, becomes stalled and/or is incapable of moving under its own power, or is left unattended on any street in violation of the provisions of this section may be removed or towed by the Borough of Huntingdon Police Department or by persons authorized by the Borough of Huntingdon Police

Department to do so. The cost of removal and towing of any such vehicle shall be assessed by the Borough against the registered owner of the vehicle, and the recovery of the costs of such removal and towing shall be recovered as part of the fine for violating the provisions of this section of this Part.

5. If there is no public announcement of a snow removal alert, the alert shall be considered in effect upon the moment the Borough of Huntingdon Maintenance Department begins to remove snow from the streets.
